EDUCATION

University of Wisconsin-Madison
2024 - 2028

B.S., Computer Science and Statistics | Expected May 2028

GPA: 3.92/4.0 | Dean's List
Selected coursework: Data Science Programming I, Data Science Modeling I, R for Statistics, Calculus III, Intermediate Microeconomics, Financial Accounting.

TECHNICAL SKILLS

Programming & analysis: Python (pandas, NumPy), Java, R, Excel, Wind; data cleaning, exploratory analysis, regression, mathematical modeling, data visualization.

AI workflows: YOLO11, YOLO-World, ONNX export, vision-language model evaluation, prompt engineering, LoRA/QLoRA fine-tuning, vLLM inference.

Languages: Chinese (native), English (bilingual).

AI INTERNSHIP

Zhejiang Supcon Information Co., Ltd.
May - Sep 2026

AI Algorithm Intern | Zhejiang, China

- Built an end-to-end YOLO11 vehicle-detection workflow spanning data preparation, training, evaluation, and ONNX export; expanded the label taxonomy from 3 to 8 classes.
- Developed YOLO-World-assisted pre-labeling with class-specific prompts, confidence controls, two-stage non-maximum suppression, and visual quality checks.
- Created VLM prompts and automated evaluation for 15 traffic and municipal scenarios, using staged verification, structured outputs, and consistency checks to diagnose false positives.
- Iterated CCKS2026 attribute-extraction pipelines through prompt engineering, LoRA/QLoRA fine-tuning, vLLM serving, and systematic error analysis across model configurations.

PUBLICATION

MARS2 2026 Challenge on Multimodal Reasoning: From Multimodal Perception to Complex Reasoning

Co-author | MARS2 2026 | September 2026

Challenge report on multimodal advertisement comprehension, video temporal grounding, and marketing strategy reasoning. Published under the name Jiayi Zhu; linked to my OpenReview profile.

RESEARCH & PROJECTS

AI for Sustainable Agriculture
Summer 2025

SDG Global Summer School | Shanghai Jiao Tong University

- Developed a YOLO-based apple maturity detector to support sustainable harvesting; evaluated robustness under low light, class imbalance, and prediction uncertainty.

Environmental Data & Policy Analysis
Jul - Sep 2025

Summer Research Student | Peking University

- Collected air-quality and corporate-emissions data and built an interactive dashboard to explore pollution and economic trends; explored causal inference for environmental externalities.

Julia Zhu

Additional Experience, Leadership & Training

ADDITIONAL PROFESSIONAL EXPERIENCE

Sina Finance - Harvard College China Forum Apr 2026

Media Intern | Harvard University, MA

- Researched guest backgrounds and prepared interview briefs; assisted with and conducted interviews with 10+ speakers and attendees, then organized interview notes and post-event summaries.

Beats by Dr. Dre May - Sep 2025

Consumer Data & Brand Analysis

- Analyzed consumer feedback, purchasing behavior, and market trends to examine user preferences, brand positioning, and competitive products.

Northeast Securities Jan - Aug 2024

Finance Intern | Hangzhou, China

- Supported equity research, valuation modeling, and internal reports; processed financial data with Excel and Wind to support market and portfolio analysis.

China International Capital Corporation (CICC) Jun - Jul 2024

Asset Management Project Intern | Hangzhou, China

- Supported industry research and data analysis and helped prepare research reports and presentation materials.

AIA, Hong Kong Jan - Feb 2023

Researcher

- Compared financial regulation and market risk in Mainland China and Hong Kong, examined the Impossible Trinity, and presented wealth-management recommendations to senior mentors.

LEADERSHIP & SERVICE

World Artificial Intelligence Conference Jul - Aug 2025

Volunteer & Data Contributor

- Created a QR-based FAQ system used by 3,000+ attendees; analyzed keynote themes and survey feedback on the social impact of AI.

Chinese Students and Scholars Association Jan - Jun 2025

Vice President

- Led campus celebrations with 100+ attendees and cross-cultural collaborations with SASU.

Harvard Model United Nations Aug 2025

Volunteer | COP30 Committee

Supported committee operations, delegate questions, and discussion flow.

Hangzhou Cultural Heritage Center Since Aug 2025

West Lake Ambassador

AWARDS & ADDITIONAL TRAINING

Second Prize, CUMCM 2025. Led a three-member team through problem decomposition, mathematical modeling, validation, and analytical decision-making.

Chinese Academy of Sciences, Research Trainee (Aug - Sep 2025). Completed training in network and large-model security, covering threat models, defense techniques, and industry case studies.

Cornell University, Summer Student (Jun - Jul 2023). Introduction to Macroeconomic Theory and Policy; GPA 4.0.

Content creation: 30+ RedNote study vlogs, 3,500 followers, and collaborations with 7 brands. **Interests:** Chinese calligraphy and piano.
